FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education** state this proposal will have no fiscal impact on their agency or on local school districts.

According to officials from the **Department of Social Services - Children's Division (DOS-CD)**, this proposed legislation does not change the compulsory school age. Enrollment of a child between the ages of five and seven remains optional, and the mandatory enrollment age continues to be age seven. This proposal only impacts dropout criteria for children between the ages of five and seven who have enrolled.

DOS-CD would continue to screen reports made to the Child Abuse/Neglect (CA/N) hotline in regards to educational neglect allegations. This proposal requires parents who have chosen to enroll a child in school prior to the age of seven to specify in writing the reason the child should be dropped from the school's rolls in accordance with the criteria set out in this section. This proposal will have no fiscal impact on the Children's Division.

Officials from the **Parkway School District** anticipate no fiscal impact on their district.
